

By Tim Holtan, CEO

MEMBER OWNED

CAPITAL CREDITS REPRESENT YOUR OWNERSHIP OF THE COOPERATIVE

Being member-owned and member-focused is really what every cooperative is all about. Nearly 87 years ago when Trempealeau Electric Cooperative and Buffalo Electric Cooperative were started, no electric companies wanted to serve the sparse landscape of our rural area. The cost was too high and the number of services to hook up was too low. So local leaders got together, with the help of President Franklin D. Roosevelt’s Rural Electrification Act (REA), and started the electric cooperative in order to bring electric power to their friends and neighbors. That vision and foresight has helped grow our rural area and improve our economy. Riverland Energy Cooperative has grown to over 16,000 accounts and now serves homes, farms, and businesses throughout our area. While your cooperative has grown, our focus on serving our members hasn’t changed.

Each year Riverland Energy Cooperative returns a

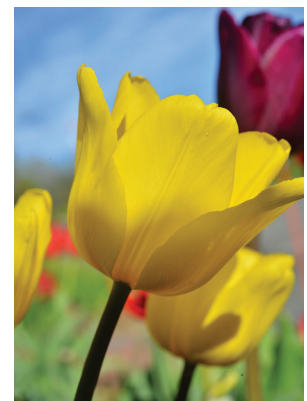

portion of your member equity, or ownership, in the cooperative to you in the form of capital credits. Generally speaking, each October we return a percentage of your capital credit balance in the form of a check or, if you are a current member, a credit on your bill. We are still a few months away but be on the lookout for more information regarding our capital credit retirement. In the *Wisconsin Energy Cooperative News Magazine* from May to August, you will find a list of names. These members have not cashed their capital credit checks from prior years. We hope that you can help us find these members. If you know any of these people, please have them contact us at 800-411-9115.

Members, I thank each one of you for your business and for being members of our cooperative. I’m humbled to work for Riverland Energy Cooperative. My team and I look forward to continuing the legacy that started nearly 90 years ago. A mission based on strong cooperative principles that enable us to serve our members with reliable, affordable, and environmentally responsible energy.

ENTER OUR PHOTO CONTEST FOR A CHANCE TO WIN A \$25 BILL CREDIT

Congratulations to Gwen Sura for getting the most votes for our May photo contest. Submit your best photo and encourage your friends to vote! The photo receiving the most votes will win a \$25 electric bill credit and will be printed in our magazine, along with a few other favorites. By entering, you will also be entered into a drawing for a \$250 electric bill credit taking place in September.

The July theme is **U.S.A.** Photos can be submitted through July 25. Go to our Facebook page or website to submit and vote.

SMALL CHANGE MAKES A BIG DIFFERENCE

Concern for Community is one of the Cooperative Principles we strongly believe in here at Riverland Energy Cooperative. We believe in working towards sustainable development within the communities we serve, supported through the co-op and our membership. Through our Community Cares Program, members enroll and sign up to round their bill to the next whole dollar amount, with the difference donated to community groups and programs that may need some financial assistance. Since we began the Community Cares Program in 2014, our members have donated \$34,568.90!

How does it work?

Members who wish to participate and sign up for the program have their electric bill rounded up each month to the nearest dollar. Those few cents are deposited into the Community Cares fund. The rounded-up amount is shown on your bill and SmartHub account each month. You can keep your billing statements for tax purposes.

Who determines where the funds go?

The Community Cares Foundation is a separate organization from Riverland Energy Cooperative and is governed by a board of directors. After applications are submitted, the directors receive and review the applications from those individuals/organizations requesting funding for charitable purposes. Then they approve of the distribution of the funds according to the Foundation's bylaws.

Who will benefit from CC?

Contributions are generally made to 501c3 organizations whose activities benefit the members within the Riverland Energy service area. This program can help many different programs/organizations, such as senior citizen hospice programs, purchasing of supplies and equipment for rural fire departments and emergency response services, and community youth activities and school programs. These are only a few examples, and funds are not limited to just those examples. The funds are not used to pay members' bills, nor will they be used for political purposes.

How can I participate?

To participate in Community Cares, you can fill out the form found on our website, or you can sign up through SmartHub. This is a voluntary program.

How do I apply for a grant?

To apply for funds, community groups and organizations that serve communities in the REC service area can print the form from our website under the Community Tab, or request the form and instructions by calling our office at 800-411-9115.

The next Community Cares Application deadline is August 20, 2024.

The Montana 4-H Club is one of the groups that received a Community Cares grant from Riverland Energy Cooperative in March 2024.

DO YOU HAVE CAPITAL CREDITS TO CLAIM?

Listed below are the names of members who are entitled to capital credit refunds. Riverland Energy would like to return capital credits to those who earned them; otherwise, the unclaimed capital credits will be forfeited and assigned to the Federated Youth Foundation. These funds are then used in the cooperative's scholarship and education programs. Claims may be sent to the cooperative by email to bmathson@riverlandenergy.com, by mail, or by calling 800-411-9115. Pursuant to Wisconsin Statutes Section 185.03 (10), you are hereby notified that Riverland Energy Cooperative of Arcadia, Wisconsin, has in its possession unclaimed funds belonging to you. You may claim these funds on or before September 25, 2024. You are further notified that unless you do claim such funds and provide satisfactory evidence of your right to receive the same, these funds will be forfeited to the cooperative. *(List is continued from last month.)*
